Subject: Mine Plans; Quality Building Stone; Torrey Buff, and Lucero Red Quarries; S/007/0039, S/055/022, Wayne Counties, Utah

Dear Ms. Miller:

On August 5, 2014, the Division of Oil, Gas and Mining received copies of the BLM form "Notice for Exploration Activity" for the Torrey Buff and Lucero Red quarries. The forms contain maps and coordinates for the disturbed area boundaries. The maps show the location of active workings and areas that are or will be reclaimed this year.

Please provide acreage figures for the entire permitted areas and a breakdown of acreages for active and reclaimed areas. The Division needs these acreages to determine the surety amounts. Please contact the Division for assistance if you are unable to calculate the acreage figures.

The current Notices of Intention to Commence Small Mining Operations (Notices) are on the Division's forms, and any modifications to the Notices should also be on these forms. Enclosed is a copy of the Notice form that can be used for any modifications.

The only persons authorized to sign on behalf of Quality Building Stone are the company officers, Patricia Jensen and Velina Miller. Any change to the Notices should be signed by one of these individuals. The forms the Division received were signed by Steve Miller. Quality Building Stone may give Mr. Miller authority to sign either by listing him as a corporate officer with the Division of Corporations or by submitting a form granting him this authorization to sign.
